Dear Steven

Thank you for the further information relating to Planning Application Ref: 19/000053/CM 'Proposed sand and gravel quarry with progressive restoration using site derived' at Lea Castle Farm, Wolverley Road, Broadwaters, Kidderminster, Worcestershire.

I am providing these comments on behalf of the British Horse Society, in addition to comments provided by colleagues Bobbie Matjula 17 July 2019 for the Pre Planning Consultation and Wendy Harper, 20 March 2020 for the Planning Application.

1. Document Land at Lea Castle Farm – Response to CPA Email of 5th June 2020

We acknowledge the applicant's / multi use access routes, which will be to required specifications and

permanently legally assured".

We welcome the commitment of the applicant to upgrade Footpaths WC 622, WC 623 and WC 624 to Public Bridleway under the Highways Act 1980.

We request that the term 'multi user routes' be removed from the documentation as this is not a legal term (often misconstrued as being for pedestrians and cyclists only) and could bring into question maintenance responsibilities. We seek assurance that the surface materials and dimensions to be applied to the routes meet requirements for shared use of equestrians, pedestrians and cyclists. The

“The Mineral Planning Authority requests that consideration is given to upgrading Footpaths WC-622, WC-623 and WC-624 to bridleway status and creation of the additional section of bridleway as soon as possible, noting that the British Horse Society in their comments, dated 19 March 2020 request that the additional multi-user route, proposed to the west of the quarry are achieved within the first 2 years rather than at the end of Phase 3.

Proposed public access is confirmed along this link path to the pocket park. This is now illustrated on the Concept Restoration Scheme Drawing No. KD.LCF.010A (Appendix C) along with the confirmation that footpaths WC-622 (62 2(C)), WC-623 (62 3 (B)) and WC-624 (62 4(B)) are to be upgraded to public bridleways / multi-use access routes.

The public rights of way proposals take on board all suggestions from the British Horse Society which include bringing forward the majority of new bridleway multi-use routes in advance of the commencement of mineral extraction and an agreement from the applications landowners to upgrade public footpath references 62 2 (C) and 62 3 (B) to bridleways/ multiuse routes which run within their land ownership. The proposals are illustrated on attached plan references KD.LCF.033 and KD.LCF.034 (Appendix M).

If the scheme is permitted, NRS and the Landowner will establish a liaison group to communicate the timing of
