

career choices for SEND students.

This activity will help students by:

- 1) Make your students aware that people they see as celebrities also have overcome the barriers caused by their own Learning Difficulties / Disabilities.
- 2) Understand that those with an additional need can still be successful.
- 3) Raise the aspirations and the career goals that students may have.
- 4) Encourage the students to discuss, research and ask questions to find the answers.
- 5) Explore different career choices that may not have been seen through using local LMI information.

The resource has been split into 3 sub activities; therefore, you can complete the activities across several lessons if required. We suggest a discussion is held after each section to see if any of the above points are understood or discovered.

Elements of the document will contain "Communication in Print" icons to support delivery and understanding.

LINKING TO GATSBY BENCHMARKS

This activity will provide links to the following Gatsby Benchmarks:

- > [1](#) Learning from careers and LMI information
- > [3](#)

SUPPORT ON OFFER FROM HUB DELIVERY TEAM

The Worcestershire Careers Hub Delivery Team have produced a resource document which can be used by careers leaders, teachers and/ or teaching assistants to support the facilitation of this activity.

The resource documents will be specifically focused on an activity for SEND Students.

The resource document will allow students to complete the activities on a computer where they can enter their answers / research results into a free text area or provide staff with the opportunity to share this document as a printed version with students within a classroom environment.

These documents can also be found on the Skills for Worcestershire Website. www.skills4worcestershire.co.uk

PLEASE NOTE:

Throughout the resource document you will see some symbols.

These symbols will highlight the different types of support you may be required provide a student in order to help them fully understand and complete the next activity.
