Who can apply?

Any Private, Voluntary, Independent and School providers based in Worcestershire who offer provision during the holiday periods or out of school term time places for children presenting additional needs and/or disabilities aged from 5-19 years old may apply for funding using the Inclusion Funding Application or on-line application process.

- Provider must not be currently judged Inadequate or Requires Improvement by Ofsted
- This grant is to enable the inclusion of children aged 5 – 19 years with additional needs and/or disabilities in out of school and holiday settings.
- It is designed to provide financial support to increase staffing ratios in the setting to meet children's needs.

Applications:

The budget makes it necessary for the funding panel to prioritise those children with the most complex needs to ensure they receive the support they require. A maximum of 15 hours per week, per child will be considered (budget allowing).

Please note:

- while every application for funding will be given full consideration, there is no guarantee that every request will be met in full.

- At the discretion of the panel, exceptions may be made to the amount of funding awarded to allow for such issues as the number of children attending a setting with complex disability and additional needs.
- It is good practice for children with additional needs/disability to have a Key Person who is a member of the established staff team. The employment of additional staff should allow the Key Person to focus on the needs of the child with additional needs.

How the funding will be assessed:

- The panel will consider:
 - The needs of each individual child.
 - How the application will help your setting offer a more inclusive service.
 - How the funding will benefit the children and your provision
 - How the funding will be spent in the setting
 - How any previous funding has been used, spent and monitored.
 - If additional Local Authority funding has been received from other sources (e.g., Short Breaks)

By accessing this funding, settings agree to the following conditions:

- The setting agrees to monitoring visits from relevant professionals.
- The setting agrees to spend all monies received by the end of the financial year, and to provide details of how it was spent.
- The setting agrees to complete and return a Monitoring Form with any future funding applications.
- The setting agrees to return any unspent money or to return funding allocated if a child leaves the setting before the commencement or during the funding period.
- The setting agrees to carry out agreed actions detailed on the Early Years and Childcare Service visit summary. Failure to complete these actions within the agreed timescale may result in removal or reduction of funding previously awarded. The funding panel will be responsible for making this decision.
- The funding awarded may only be used for the purposes stated and by signing the application form you are agreeing to the above terms and conditions.
